

# Team Leadership

In joining our team, you have the incredible opportunity to work with and receive training and support from some of Usana's most exceptional leaders including the following:

Hubert Krause and Seta Der Artinian  
4-Star Diamond Directors  
Members of Usana's Million Dollar Club  
Montreal, Quebec, Canada

Usana Associates since 1996, Hubert and Seta have been leaders throughout most of the worldwide growth of Usana Health Sciences. As 4-Star Diamond Directors, they have access to the highest levels of the Usana home office to represent the team's interests and ensure effective communication with Executive staff.

Michel and Suzanne Lavoie  
Diamond Directors  
Members of Usana's Million Dollar Club  
Montreal, Quebec, Canada

Usana Associates since 1996, Michel and Suzanne have shown the leadership and marketing skills to build a large international organization expanding into new markets. In particular, they were key leaders during Usana's expansion into Mexico in 2004. Fluent in English, French, and Spanish, they have demonstrated the ability to build rapidly in economically and culturally diverse markets.

Sandy Lancelot  
Gold Director  
Edmonton, Alberta, Canada

A Usana Associate since 1996, Sandy left a career as a paralegal with a major Edmonton law firm and a paralegal instructor with a local college to pursue her Usana business full-time. Her legal career has given her the organizational skills and knowledge to build a solid business while avoiding legal traps and pitfalls. Her instructional career has given her the ability to present complex information in a user-friendly, enthusiastic and compelling manner.

Paul Anderson  
Silver Director  
Edmonton, Alberta, Canada

A Usana Associate since 2001, Paul is the President of Anderson Career Training Institute - a leading provider of entrepreneurship training in Edmonton. Over a 12-year period, he has helped over 800 Albertans start their own small businesses. Paul's skills in providing entrepreneurship training help new Usana Associates to hit the ground running and build their businesses quickly.
